

Pediatric Primary Care

Services Guide

Advent Health
for Children

World-Class, Primary Care for Kids

We believe a healthy childhood creates a foundation for lifelong wellness. AdventHealth Medical Group pediatricians are here for your child at every age and stage, from infancy to adolescence.

All of our board-certified pediatricians are part of the AdventHealth care network and committed to providing the whole-person care your child deserves. We're here to treat everything from sniffles to more serious conditions, offering same-day sick visits, extended office hours and weekend appointments at select locations.

Comprehensive Pediatric Services

Our board-certified pediatricians specialize in providing care for every aspect of your child's health — body, mind and spirit.

- Behavioral and developmental evaluations and treatment
- Care for minor illnesses including colds, flu and allergic reactions
- Direct access to world-class pediatric specialists
- Electrocardiogram (EKG) screening
- Nutrition counseling
- Recommended immunizations and vaccines
- Regular health checkups
- School and sports physicals
- Treatment for minor injuries
- Well-child care

Expecting? Our Pediatricians are Here

Expecting parents can rest assured that our board-certified pediatricians are ready and available to care for your newest arrival. Hospitals will require parents to have a pediatrician selected scheduled prior to leaving the hospital.

Many of our offices offer opportunities for you to get to know the providers and ask questions. It is important for you to feel comfortable with your pediatric provider since frequent visits occur during the first year.

If Your Little One Needs Care, Know Where to Go

	Emergency Room	Urgent Care	Primary Care
Asthma	X	X	
Bleeding	X	X	
Burns	X	X	
Broken bones	X	X

World-Class Facilities and Expertise

Our providers are directly linked to the state-of-the-art facilities at AdventHealth for Children, which has been nationally recognized for clinical excellence and maintaining exceptional quality and safety. Our standards are high because we're committed to caring for your family like our own.

The technologically advanced, flagship facility in Orlando features environments designed by Walt Disney Imagineering, access to more than 250 pediatric specialists practicing 35 subspecialties, and a Level III NICU offering the highest level of care available to neonatal babies and recognized by *U.S. News & World Report* as a national leader in newborn care for 5 years in a row.

Three Easy Ways to Connect With a Pediatrician

1. Find a provider.

Our health navigators are registered nurses who are available to answer questions, assist with insurance and connect your family to a new provider.

2. Meet and greet.

If you are expecting or looking for a new pediatrician, many of our offices offer meet and greets. Parents can use this time to get to know the provider, the staff and ensure the office is a good fit.

3. Schedule an appointment.

If you know your preferred location or provider, our offices offer online scheduling. Appointments can also be made by calling our offices directly to get started.

This guide is provided to the general public to disseminate health-related information. The information is not intended to be used for diagnosing or prescribing. Please consult your physician before undertaking any form of medical treatment and/or adopting any exercise program or dietary guidelines.

We're always here for you.
